

# UK REACH Preparedness

What You Need to do as A Downstream User

## STEP 1

Map all cosmetic ingredients that you use in your portfolio.

## STEP 2

For each ingredient or substance, is the manufacturing or import quantity close to or above 1 tonne/year?

YES

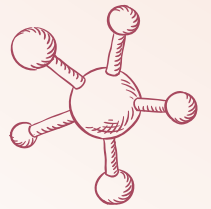

NO

You don't have any obligations under REACH, but keep an eye on the tonnage level.

YES

Is your supplier covering the registration?

NO

You don't have REACH registration obligations, but keep an eye on your supply chain for any changes.

**You must submit a Downstream User Import Notification (DUIN) via the UK REACH portal by 28 October 2021**  
Learn more below!

## STEP 3

YES

Are you ready or able to cover the full registration within the UK REACH deadlines?

Prepare the information to build the registration dossier, you will have 2, 4 or 6 years to register depending on the substance.

NO

Consider any possible changes to the supply chain.

## How to Submit the DUIN

- 1 Register as a downstream user via the UK REACH IT, keep a record of the provided DUIN registration number
- 2 Populate the information spreadsheet template
- 3 Submit the completed spreadsheet to the Health and Safety Executive, including information on your legal entity and the DUIN number
